Year End ’15
Office Market Report
Steady as she goes keeps the office market moving forward.

The office lease market, while steady, has not been able to consistently break through to positive net absorption for an extended period of time.

While the Keystone and North Meridian submarkets continue to tighten, the rest of the market still suffers from high vacancies which drives concessions upward and rents downward in these submarkets. Couple this with employers increasing the density of employees per square foot and the use of technology to replace occupations makes positive office space growth difficult. One example of the markets difficulty in generating long-term net positive absorption is Roche Diagnostics’ current corporate HQ expansion on the I-69 corridor which will entail vacating 193,000 sq. ft. of space at 10300 Kincaid Drive.

On the investment sales front, 2015 was an active year with a number of buildings trading both downtown and in the suburbs.

- GPI Properties sold a 5 building, Class B portfolio totaling 207,000 sq. ft. in the North Meridian submarket.
- Citimark sold Castle Creek 1 & 2, 133,000 sq. ft. Class B office buildings at the end of 2015.
- Privately owned 130 E. Washington, 203,000 sq. ft. Class B office building was purchased by Onward Investors.
- A partnership managed by Zeller Realty sold 36 S. Pennsylvania Street (The Century Building) a 153,000 sq. ft. Class B office building to Hendricks Commercial Properties.

The distressed properties inventory was low in 2015. However, we predict an increased inventory in 2016 as certain assets currently in receivership make their way to the disposition phase.

Metro Indy Overview

Vacancy
- Ticked up slightly to 21.8% in the suburbs at the end of Q4 2015.
- CBD vacancy decreased slightly to 21.1% down from 23.9% at the end of Q2 2015.
- Absorption was negative market-wide with <10,991> sq. ft. in the suburbs and <57,429> sq. ft. in the CBD for Year End 2015.

Rental Rates
(Building Classes A & B Combined)
- Landlord concessions such as free rent, construction allowances, etc., are on the decline in the well leased Carmel and Keystone submarkets and increasing in the high vacancy Northwest and Northeast submarkets.

New Construction
(Building Classes A & B Combined)
- With the exception of River Crossing North (100,000 sq. ft.), which broke ground earlier this year in the Keystone submarket, speculative office development is non-existent.
- Lids new 150,000 sq. ft. office building, currently under construction, is scheduled to open in January 2016.

Sublease Space
- In the last 6 months, inventory of sublease space available citywide has been decreasing slightly in Class A & B buildings.

Distressed Properties
- Inventory of high vacancy or over leveraged properties continues to be flat but we expect a new wave of properties to hit the market in 2016.

Historic Net Absorption

Available Space
Absorption (Net)
The change in occupied space in a given time period.

Available Square Footage
Net rentable area considered available for lease; excludes sublease space.

Average Asking Rental Rate
Rental rate as quoted from each building's owner/management company. For office space, a full service rate was requested; for retail, a triple net rate requested; for industrial, a NN basis.

Building Class
Class A Product is office space of steel and concrete construction, built after 1980, quality tenants, excellent amenities & premium rates; Class B Product is office space built after 1980, fair to good finishes & wide range of tenants.

Direct Vacancy
Space currently available for lease directly with the landlord or building owner.

Market Size
Includes all existing and under construction office buildings (office, office condo, office loft, office medical, all classes and all sizes, both multi-tenant and single-tenant, including owner-occupied buildings) within each market.

Overall Vacancy
All physically unoccupied lease space, either direct or sublease.

SF/PSF
Square foot/per square foot, used as a unit of measurement.

Sublease
Arrangement in which a tenant leases rental property to another, and the tenant becomes the landlord to the subtenant.

Sublease Space
Total square footage being marketed for lease by the tenant.

Sublease Vacancy
Space currently available in the market for sublease with an existing tenant within a building acting as the landlord.
